

Free your organization from fax hardware and supply costs with virtual, paper-free faxing

COST SAVINGS

Eliminates the need for extra phone lines, fax machines, ink, and paper

EASY MANAGEMENT

Send, manage, view, and store faxes from your PC. View faxes from your mobile device

NEVER BUSY

Multiple faxes can be received at the same time, ensuring your customer's fax gets through

ELEVATE WEBFAX

WebFax provides virtual, paper-free fax coordination, allowing you to receive, manage, and send your faxes via the web. This provides a convenient and flexible alternative to traditional fax service by eliminating the need for extra phone lines and conventional fax machines.

Elevate WebFax:

- Helps ensure faxes get through with never-busy service
- Allows you to view and manage faxes from anywhere, anytime
- Provides PDF of incoming faxes via email
- Enables you to send faxes through an easy-to-use PC application

ELEVATE WEBFAX FEATURES

- Local/Toll-Free Number
- Never-Busy Service
- View Faxes Online
- Fax Account Storage
- Instant Message Alert
- Send from PC
- Fax Log
- Fax Preview
- Easy Web Administration
